

# CV02A.

## Steni Colour Vertical fixing, cc300mm

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV05A.

## Steni Colour

Vertical fixing, cc300mm without edge drilling  
(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV06A.

# Steni Colour

Vertical fixing, cc300mm without edge drilling  
(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV07A.

# Steni Colour

Vertical fixing,  $X \approx 300\text{mm}$ . Max. 300mm without edge drilling

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV08A.

# Steni Colour

Vertical fixing,  $X \approx 300\text{mm}$ . Max. 300mm without edge drilling

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV09A.

# Steni Colour

Vertical fixing,  $X \approx 300\text{mm}$ . Max. 300mm

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV10A.

# Steni Colour

Vertical fixing, cc300mm with different side distance

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV11A.

# Steni Colour

Vertical fixing,  $X \approx 300\text{mm}$ . Max. 300mm with different side distance  
(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV14A.

# Steni Colour

Vertical fixing, cc300mm without right side drilled.

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV15A.

# Steni Colour

Vertical fixing, cc300mm without left side drilled.

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV16A.

# Steni Colour

Vertical fixing, cc300mm without center drilled.

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV17A.

# Steni Colour

Vertical fixing,  $X \approx 300\text{mm}$ . Max. 300mm  
without center and edge drilling

(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV18A.

# Steni Colour

Vertical fixing, cc300mm with different side distance  
(Vertical dimensions is length and horizontal is width in Navision xls.)

# CV19A.

# Steni Colour

Vertical fixing,  $X \approx 300\text{mm}$ . Max. 300mm with different edge distance  
(Vertical dimensions is length and horizontal is width in Navision xls.)
